

## B4. b) My food-sins

- eating products with palm oil → deforestation of the jungle for palms → more CO<sub>2</sub> → global warming → climate change related disasters
- eating meat from factory farming → more antibiotic everywhere → more antibiotic resistant bacteria
- eating chocolate → you are supporting inhuman working conditions
- not buying at the „Unverpackt Laden“ → supporting waste in the nature (micro plastic in water, ...)
- eating burgers → supporting deforestation for grazing
