Hello auntie Anna,

today was my last day of my internship in the doctor's office from Dr. Lang. The two weeks went by really fast. It was fun. It was hard work but very interesting. I could imagine doing an education in that field. I like that you have a lot to do with people and that you can help them. I would like to do an internship at a doctors again in the summer, maybe at a dentist. Do you know a dentist where I could do an internship?

Best greetings, Elisa.
