

IB p. 85 P6

Hi Malcolm,

How are you? I need some advice about electives at school.

You see, I can't decide which elective to choose. I **could** choose a sport, like soccer, but I **wouldn't** be very good because I hurt my foot last week playing basketball. Spanish **could** also be possible, but I **couldn't** even order food in Spanish when I visited my friend in Colombia last year, so I probably **shouldn't** choose Spanish. I think I ~~was~~ **should** choose either computer science or automotive technology.

Computer science **would** be interesting because I love working with computers, but then it **wouldn't** be interesting learning about cars if I chose automotive technology. What **would** you do in my situation?

Thanks for your help,  
Jack
