

TBp. 85 PG Choosing an elective

Hi Malcolm,

How are you? I need some advice electives at school. You see, I can't decide which elective to choose. I wouldn't choose a sport, like soccer, but I couldn't be very good because I hurt my foot last week playing basketball. Spanish shouldn't also be possible, but I couldn't even order food on Spanish when I visited my friend in Columbia last year, so I probably wouldn't choose Spanish. I think I would choose either Computer science or automotive technology. Computer science could be interesting because I love working with computers, but then it shouldn't be interesting learning about cars if I choose automotive technology. What would you do in my situation? Thanks for your help,
Jack.
