

About my internship

My internship was at OBI Marburg. It was too boring. They always gave me the same work and it was really boring to do the same work everyday. I wouldn't do this job again because I need more variety and it was too boring for me. I don't want to do the same jobs everyday or weeks. After a time I would not be able to stand it anymore. It was not a good work experience but now I know what I don't want to be.
