

Learning Task 7

2a)

Lösungsbeispiel *Photo A shows an astronaut / a man in a space shuttle. I think it is a selfie because he took this photo of himself to show us that he is in space and what he looks like in his gear.*

Picture B shows three young people who are taking a selfie.

They want to show others where they are, what they're doing and that they're having a lot of fun. But I don't think the photo itself is a typical selfie because someone else must have taken it.

Photo C is an old painting, not a typical selfie. It's a portrait of a man in old-fashioned clothes. (I guess it's the portrait of the artist (Albrecht Dürer) himself (= a self-portrait), and he painted it to show others what he looks like. So maybe we could also call it an "old-fashioned selfie".)

2b)

Lösung **1 B** (first sentence = definition of selfie + Today ...) • **2 A** (Firstly, ... = the first argument + (for) example; Secondly, ...) • **3 D** (On the other hand, ...; In other words, ...) • **4 C** (To sum up, ...)

2c)

- Lösung**
- *So they feel that selfies are a bad idea. = Paragraph 2 (A); at the end.*
 - *In my opinion, the critics can relax. = Paragraph 4 (C); at the end.*
 - *Although the word selfie is new, self-portraits aren't. = Paragraph 3 (D); after the first sentence or at the end.*
 - *People started taking them in about 2002 with the first camera phones. = Paragraph 1 (B); after the first sentence.*
