

## Learning Task 7

1a)

**Lösungsbeispiel** *I think A is a selfie, because you can see that the person took the picture himself. Maybe he wants to show the world where he is / that he is in space and what he looks like in his work clothes / space suit. I think B could be a selfie too, but it could also be a photo of people who are taking a selfie. C is a photo of a painting, not a real person. It isn't a typical selfie.*
