

HL TB, p. 62, ex. 1 a), b), c) + 2 a), b)

1 What's cool and what's not?

1 a) Think: Which images do you like/don't you like?

I like images F, G and I. I think they're cool. I don't like images L, N and O. They look strange.

1 b) Pair: With a partner pick your three coolest and least cool images.

The coolest images are images F, G and I.

The three least cool images are images L, N and O.

1 c) Share: Report to the class. Which images got the most *likes* and the most *dislikes*?

## 2 LISTENING Teens react

2 a) Copy this table. Listen and note which five images on pages 62-63 the teens are talking about.

2 b) Listen again. Note if the teens think the things are cool or not.
