

TB p.93 P11 Elisa 's email

Elisa wrote an email to her aunt. She talked about her last day of her work experience, by doctor 's office. She said that her work experience was very funny but also very stressful. She said also that it was interesting to work there and that she can imagine to work later as a Doktor. She liked because she was able to help people. She said that, want make a work experience by a dentist. And she asked her aunt whether she knows a dentist where she want to have a work experience.
