

1a) I think a screenager is a teenager who is always on the phone/digital screens.

... of being a screenager:

2a) pros

- do lots of things at the same time

cons

- don't sleep enough

2b) A screenager is someone who were born in a digital world and is around screens nearly the whole day.

2c) I am not a screenager because I'm as many times as I can outside/meeting my friends. I admit that I've been on the phone/screens very often for a long time but not so long that I'm a screenager.
