

Lernjob 7

HL TB, p. 66, No. 1 a) b)

1 Selfies

1 a) Discuss: Which of these pictures would you call a selfie? Why do people take selfies?

- Which of these pictures would you call a selfie?

I think that picture A is a selfie because the astronaut has his phone in his hand and takes a picture of himself.

The other two pictures aren't selfies because someone else made them and not the persons themselves.

- Why do people take selfies?

You take a selfie because you want to make a photo of yourself. I think there is no special reason.
